TANGIERS

Picasso painted them. Gondoliers in Venice still sport them. And Coco Chanel made them famous and synonymous with French chic and high seas adventuring. Who can resist the bold, daring energy of a good stripe? Especially, in the case of "Tangiers, a vertical stripe with the added dimension of its hand drawn charm and exotic colorways. Use this as a base for layering photographs and paintings to create a romantic, throwback look that's still clean and structures to the eye. Available in the following colorways: Dome, White Pepper and Eucalyptus Grove.
